Note to file:

Telephone conversation with Examiner John Jefferey

In this case, an RCE was filed for consideration of an IDS.

Supplemental Notice of Allowability acknowledging the priority document was sent in the same month (9/05) but crossed in the mail. It did not consider the RCE. In fact, he did not notice the RCE w/ IDS until now. He will act on the RCE, i.e., either send a notice of allowability with issue fee due or first action on the merits.
